

# BETHESDA CHILD OF THE MONTH

April 2008

## Amogelang -

Amogelang, or Amo, as he is known around Bethesda, has recently joined the Kolokoto home.

Before coming to Bethesda, Amo was cared for in another childcare facility. His social worker became concerned that he was not receiving proper care. As that concern grew, the social worker began to look for alternative places for care. Bethesda had an opening for him, and Amo joined the Bethesda family.

John and Primrose have eight children in their care and Amo has fit into their family well. There are three other boys around his age in the family so there is never a dull moment!

Amo

Amo, Rose, and Mike

Amo is a bubbly four year old who loves to play with and take care of his siblings, especially his younger sister Dipuo. He enjoys singing whenever there's a chance! Another of Amo's favourite activities is eating. He especially enjoys his mom's cookies!

He is a very affectionate child who loves to be hugged all the time. He also loves to make up stories. Amo is eager to help specifically with his younger siblings.

Amo is a natural leader and his parents pray that he will learn to lead correctly and be truthful in what he says.
