

BETHESDA CHILD OF THE MONTH

January 2010

Lerato-

Lerato, last featured in April 2006, has grown to be a pleasant young lady who loves to be in the kitchen making treats for her family and others. She has just begun grade 10 at Prestige College, a private school near Bethesda.

She is relaxed and full of giggles most of the time. Lerato enjoys playing games with her siblings in the Shikwambane family, particularly, "Go Fish." She also enjoys going on outings with her family or friends.

In her home, Lerato is known as a helper. She often helps with laundry or making a meal. She gives good advice to her siblings as they plan meals and learn to cook for the family. She is a dependable person, especially at keeping on schedule with her tasks and activities.

Lerato

Lerato and her sister Prudence

Lerato enjoys school very much, but struggles in a few areas. She says that geography and math are her hardest subjects. She is seeking to apply herself to her studies and hopes to improve this year.

Tidiness is also a struggle for Lerato and she is working to keep her things neat and tidy at all times.

You can pray that Lerato will continue to grow in her relationship with Christ. Pray also that she will be diligent with her schoolwork and understand all that she is taught in school. Please pray for her to be confident about the gifts God has given to her as she continues to mature.

* Pray for Lerato *

- To study hard in school and apply herself well
- To be confident about her abilities and the way that God has made her
